Welcome reception: **March 06, 2019**

Main conference in Koethen: **March 06, 2019**

Thematic Priorities

Communication Technologies
Projects Management

Automation processes in Industry
Data Processing and Data Analysis

Author presentations at ICAIIT 2019

At least one author of every accepted submission must present at ICAIIT 2019 in Koethen. Authors should be prepared to present their papers at any time during the conference. Failure to comply with this requirement can result in removal of papers from the ICAIIT 2019 Proceedings.

Maximum limit of submissions

The ICAIIT Committee has established a **maximum limit of 4 submissions per author** (including coauthored papers). Failure to comply with this requirement can result in papers not being reviewed (i.e. fourth and further papers based on date and time of submission).

Language

English is the language of the conference and of all submissions.

Originality

Submissions to ICAIIT 2019 must be original; submissions cannot have been published or accepted in a journal or conference proceedings, nor presented at another conference. Further, submissions must not be currently under consideration for publication or presentation elsewhere. Completed papers should have completed analyses and documentation of results.

Review Criteria for Papers:

Topic is relevant to a Conference theme
Objectives are clear and well-described
Paper is written clearly
Paper will draw an audience
Paper is well organized and flows logically

Literature review is appropriate
Methodology is appropriate (if relevant)
Analyses are appropriate (if relevant)
Evidence supports authors' arguments (if relevant)
Paper makes a useful contribution

Template/formatting

All submissions must be in Microsoft Word .DOC format and must use the **submission template**. Instructions for using the template and formatting the submission are provided in the ICAIIT 2019 template document itself. Submissions should consist of only one file containing text, figures, tables and

www.icaait.org

references. Files submitted in other word processing formats or that do not use this template will not be considered for review.

Length Requirements

Completed research papers must not exceed ten (10) single-spaced pages and must conform to the ICAIIT 2019 submission template. The 10 pages must include all text, figures, tables, and appendices. Submissions with less than 4 pages or more than 10 pages will be automatically rejected.

Anonymize Completed Papers for Blind Review

Authors name(s) should not appear in the body of the paper (including the abstract). Eliminate references to your institutions, your sponsors, your unpublished work and your published work if these references will identify any author.

Remove author and institution information from document properties. To do this in Word 2010 click the File tab, and then click Info. Under Prepare for Sharing, click Check for Issues, and then click Inspect Document. In the Document Inspector dialog box, select the check boxes to choose the types of hidden content that you want to be inspected. In the next dialog box you can choose which information to remove. For older versions of MS-Word, click on Tools>>Options and then click on the Security tab. Under Privacy Options, select "Remove personal information from file properties on save."

All papers accepted and registered will be included in conference proceedings. The proceedings will be included in the main indexes and search engines.

Copyright

Copyright for all papers resides with the authors. By submitting the final paper to the conference organizers, the authors agree to allow the conference organizers to have non-exclusive use of the material for publication in the conference proceedings. Authors are actively encouraged to develop their papers for journal publication after the conference.

Author guidelines

Please go to the conference website <http://www.icaait.org/submission.shtml> for author guidelines. There a Word document template is available that will simplify the layout of your submission.

Publication of proceedings

The Conference Proceedings will be published on-line with an ISBN and ISSN Number. Digitale Hochschulbibliothek Sachsen-Anhalt is a member of CrossRef and every paper is given a DOI (Digital Object Identifier). All papers presented at the conference venue will be available at the Digitale Hochschulbibliothek Sachsen-Anhalt. The proceedings will be submitted for indexation by Clativate Analytics Conference Proceedings Citation Index (CPCI/ISI Web of Science) and Scopus.

The proceedings of ICAIIT 2016 and 2017 have been successfully indexed by Clarivate Analytics (CPCI-S Web of Science)!
