

CORRIGENDUM

Author Correction

Corrigendum to: “*Digital Reconstruction of Architectural Heritage through Virtual Reality: The Samarkand Aksaray Monument Case Study*”

Proceedings of the International Conference on Applied Innovations in IT (ICAIIIT), Vol. 13, Issue 5, pp. 57–68, December 2025.

DOI of the original article: 10.25673/122808

1. Nature of the Correction

The publisher and editorial board of the *Proceedings of the International Conference on Applied Innovations in IT (ICAIIIT)* wish to issue the following correction to the author list of the above-referenced article.

In the originally published version of the article, one of the co-authors was incorrectly listed as:

“Saidislom Mannonov”

The correct name of this author is:

“Saidislomkhon Usmonov”

The affiliation associated with this author — Department of Civil Engineering and Architecture, Tashkent Polytechnic University in Tashkent, Little Ring Road 17, 100095 Tashkent, Uzbekistan — remains unchanged and correct.

This correction affects the author name only. It does not affect the scientific content, results, conclusions, or interpretation of the article in any way.

2. Corrected Author List

Nilufar Tukhboeva, Sanjar Anvarov, **Saidislomkhon Usmonov**, Takhir Mamatmusaev, Shukhrat Reyimbaev and Maktuba Abdujabbarova

3. Basis for the Correction

This correction is issued upon the written request of the affected author, supported by official documentary evidence confirming the correct legal name (identity document / institutional confirmation), reviewed and approved by the Editorial Board in accordance with Section 2.7

and Section 5.1.2 (“Author correction / corrigendum”) of the ICAIIT *Policy of Ethical Standards in the Publication and Malpractice Statement*, and consistent with the COPE Retraction Guidelines referenced therein.

4. Publication Record

In accordance with the Journal's publication standards, the original article (version of record) remains unchanged and continues to be accessible under its original DOI. This Corrigendum is published as a separate, linked document, and cross-references have been added between the original article and this notice on the Journal's official website. The corrected author name will be reflected in the article's public metadata (Crossref) and in the relevant indexing databases (Scopus, Google Scholar), subject to their respective update procedures.

5. Approval

Approved by the Editorial Board
